ABANDONED LOOP TO RELIEVE TRAFFIC

Ground Near Lindell Pavilion in Forest Park Will Be Utilized for Vehicles.

PLAN SUGGESTED BY MAYOR.

World's Fair Officials Will Co-Operate With City and Extend Canopy Covering to Parade Gate.

Plans for the relief of Forest Park traffic have been completed by city officials, and yesterday it was announced that part of the park property recently vacated by the St. Louis Transit Company will be utilized to prevent congestion of park roadways and World's Fair entrances.

It is to be an inclosure or paddock, and will occupy the greater portion of what was up to a few weeks ago the interior of the Transit Company's loop in front of Lindell pavilion.

Within this inclosure carriages and other light vehicles will be compelled to drive and wait for loads, thereby removing the necessity of hitching of animals to trees along the roadways, which takes up space needed by vehicles in motion.

The plan was adopted at the suggestion of Mayor Wells. The mayor conferred with Park Commissioner Robert Aull, and it was decided that the vacated railroad property presented the best opportunity for carrying out the idea.

Changes in Transit Company terminals were responsible for the temporary abandonment of the site. The pavilion is to be used as an alighting place for passengers of vehicles entering the "corral."

World's Fair officials have entered heartily into the plan, and will co-operate with the city by extending a canopy-covered walk from the pavilion to Parade Gate, which is but a short distance away. Bells and annunciators will be used to call carriages from the inclosure when passengers wish to reach their homes. Bells will call the attention of "cabage" men and numbers flashed on the annunciator will call a particular carriage.

Carriages will be permitted to enter the inclosure in but one way. They will swing around in an opposite direction from which the cars enter.

All vehicles will enter by way of Lindell boulevard through Central drive, which connects Lindell boulevard with grand driveway, a road which sweeps southwestwardly past Lindell pavilion. At a point directly in line with the front of the pavilion a road will be run due west, which will let the occupants of vehicles off in front of the pavilion.

The vehicles then will follow a roadway built over the tracks behind a fence, which will be built across the middle of the old Transit loop in order to keep vehicles from cutting across the "corral," and to prevent the ruin of trees and grass in front of the pavilion.

SERIES EXPECTED TO DRAW WELL.
Good Sale of Boxes for Browns-Cardinal Games.

From present indications the attendance at the first game of the ante-season series between the Browns and Cardinals will be a record breaker. Although the opening game will not be played until next Saturday, half the boxes for the series have been sold at Sportsman's Park.

Mr. Hodges, president of the Browns, said yesterday that he anticipated the game opening game, and that he expected the attendance to be a record breaker. He said that he expected the attendance to be a record breaker.

John McMahon, a Fourth street business man, stated yesterday that he was betting \$200 on the Browns against the Cardinals.

So far McMahon's money has not been covered.

Hedrick, Wallace, Purkett and Southon, who were reported as willing to bet \$200 with Corbett that his brother would not win the game, have not posted their bets of the bet, but probably will do so when they reach the city.

From the reports received from the Cardinals and Browns camps the players of each team are in good condition for the series, barring "Rhody" Wallace, who wrenched his ankle at Fort Worth yesterday.

In case Wallace is unable to play in the series, Demott will be switched to short and Hill will play third base. Wallace's absence, however, will handicap the Browns in a measure, as he is a much better infielder than either Demott or Hill.

William Roodel, a St. Louis youngster, who played with a Missouri Valley League team last year, will be with the Salt Lake team of the Pacific National League this season. Roodel held down third base for the "Mormons." He will depart tonight to join his team at Salt Lake City.

Roodel's fast footwork and should find little difficulty making a regular place with the Pacific National League team.

Charley Hemphill, the Browns' right fielder, signed his 1904 contract at the American League office yesterday morning. He will depart for Hot Springs today, where he will remain two weeks getting himself into condition for the season.

"Hans" Huelsman has finally gotten his eye on the ball and is daily pounding the sphere around the various diamonds in the South. His feat of three two-base hits and one triple in a game against Corsicans last Saturday is very encouraging to the Browns roster.

Assistant Secretary Sidney Mercer of the Browns had a force of workmen here today, and will remain two weeks getting the park in first-class shape for next Saturday's game, and if the Browns lose it will be through no fault of "Humpy" Denton, their official groundskeeper.

"Rube" Waddell has promised to be good until Connie Mack needs him badly.

Which would you rather predict, the coming weather or take a chance on naming the correct winners?

BILL TO SUPPRESS ORDERS IS PASSED.

Premier Combes Wins Signal Personal Victory in Final Vote in Chamber of Deputies.

SENATE TO GIVE CONSENT.

New Measure Completes Programme for Prevention of Teaching by Religious Organizations.

Paris, March 28.—By the decisive majority of 316 to 292, the Chamber of Deputies to-night passed the Government bill for the suppression of the system of teaching by the religious orders.

This supplements and completes the work begun by the former premier, M. Waldeck-Rousseau, in 1901.

The first law suppressed the unauthorized teaching orders, which had for a long time carried on their work in defiance of the law of the nation.

The new law does not make any distinction between authorized and unauthorized congregations, but sweeps away the whole fabric of teaching by religious orders, thus in effect, substituting the system of State schools for those heretofore conducted by the orders.

Besides affecting the educational system of the principal work undertaken by Premier Combes, and it is believed that the measure of the bill is an achievement of the preliminary battle over the bill was a determined fight against the granting of a license for that purpose.

The women do not yet know who is going to start the school, but the erection of a school is a matter of time.

Elmo Cactarine is a Guaranteed Medicine.

NURSES FORM ORGANIZATION.
Social Relations and Entertainment of Visitors the Object.

For the purpose of establishing closer social relations between the nurses of St. Louis, and for the further purpose of providing means for receiving and entertaining visiting nurses during the World's Fair period, the women employed in the private and public hospitals and others engaged in the nurse's profession yesterday perfected a local organization, to be known as the St. Louis Nurses' Association.

At a meeting held at the St. Louis Training School Nurses' Home, No. 124 Dillon street, Mrs. Gertrude M. Gilman, superintendent of the City Hospital; first vice president, Mrs. C. C. Long, superintendent of the operating room at the City Hospital; treasurer, Miss Helen Perry, superintendent of the incubator department at the World's Fair; and Miss Helen Perry, superintendent of the incubator department at the World's Fair, were present. About 100 nurses attended the meeting. There will be another meeting next Monday.
